

OSOBNJE INFORMACIJE

Nacima Memić

M. Behmena, 52, Sarajevo, 71000, Bosna i Hercegovina.

033-297-888

nacima @ pmf.unsa.ba

Datum rođenja 20/07/1975 | Državljanstvo BiH

RADNO ISKUSTVO

- Od 2021 (2015-2021) Redovna profesorica na Odsjeku za matematiku Prirodno-matematičkog fakulteta Univerziteta u Sarajevu
- (2010-2015) Vanredna profesorica na Odsjeku za matematiku Prirodno-matematičkog fakulteta Univerziteta u Sarajevu
- (2007-2010) Docentica na Odsjeku za matematiku Prirodno-matematičkog fakulteta Univerziteta u Sarajevu
- Viša asistentica na Odsjeku za matematiku Prirodno-matematičkog fakulteta Univerziteta u Sarajevu

OBRAZOVANJE I OSPOSOBLJAVANJE

Doktor matematičkih nauka – 2010. godine, Doktorska disertacija „Multiplikativni sistemi na ultrametričkim prostorima“ urađena pod mentorstvom prof.dr. M. Avdispahića na Univerzitetu u Sarajevu

Magistar matematičkih nauka – 2007. godine, Magistarski rad „Formula traga na adelima“ urađen pod mentorstvom prof.dr. M. Avdispahićana Univerzitetu u Sarajevu

Diplomirani matematičar 1997. godine na Univerzitetu nauka i tehnologije Houari Boumediene u Alžiru

JEZIČNE VJEŠTINE

Maternji jezik: Arapski

Drugi jezici:

	RAZUMIJEVANJE		GOVOR		PISANJE
	Slušanje	Čitanje	Govorna produkcija	Govorna interakcija	
FRANCUSKI	C1	C1	C1	C1	C1
ENGLESKI	C1	C1	C1	C1	C1

Razine: A1 i A2: temeljni korisnik; B1 i B2: samostalni korisnik; C1 i C2: iskusni korisnik

KONFERENCIJE

- Memić Nacima, Properties of the Dirichlet kernel and its applications on some ultra metric structures, online seminar organized by the UAE University of Al Ain, October,6th, 2022.

-
2. Nacima Memić, On compatible transitive p-adic functions, BMS Mathematical Conference 2018.
 3. Nacima Memić, Topics on Norlund logarithmic means, 6th Workshop on Fourier Analysis and Related Fields, August 24-31, 2017, Hungary.
 4. Nacima Memić, Integrability of the maximal function of Fejer kernel, Conference on Dyadic Analysis and Related Fields with Applications (DARFA14), Nyíregyháza, Hungary, June 1-6, 2014
 5. Nacima Memić, Topics on some bounded operators, Dyadic Analysis and Applications, Nyíregyháza, Hungary, October 1st-2nd, 2013
 6. Nacima Memić, Pointwise convergence of Fourier series, Theory of the Walsh system and related areas, Nyíregyháza, Hungary, October 4, 2013
 7. Nacima Memić and Samra Pirić, On the V-conjugation operator on Hardy spaces, MASSEE INTERNATIONAL CONGRESS ON MATHEMATICS Micom 2012, Sarajevo, 19.09. - 23.09.2012 .
 8. M. Avdispahić and N. Memić, Fourier multipliers on totally disconnected groups, International Congress of Mathematicians ICM 2010, Hyderabad, August 19-27, 2010.
 9. M. Avdispahić and N. Memić, Differentiation on local fields, International Congress of Mathematicians ICM 2010, Hyderabad, August 19-27, 2010 .
 10. Nacima Memić, Topics on unbounded Vilenkin groups, MASSEE INTERNATIONAL CONGRESS ON MATHEMATICS Micom 2009, Ohrid, 16.09. - 20.09.2009.
 11. Nacima Memić, Multiplicative systems on ultra-metric spaces, MASSEE INTERNATIONAL CONGRESS ON MATHEMATICS Micom 2009, Ohrid, 16.09. - 20.09.2009.
 12. Nacima Memić, On the characterization of p-adic Egorov type mnemofunctions by their point values, Fourth Croatian Mathematical Congress CroMC2008, Osijek, June 17-20, 2008.

• UDŽBENICI

Senada Kalabušić, Nacima Memić i Esmir Pilav, "*Parcijalne diferencijalne jednačine*", 1. izd. Sarajevo: Prirodno-matematički fakultet, 2015. 225 str. ISBN 978-9958-592-64-5
